## Graciela Ángeles Carreño, 34

We decided to steal the bravado of one of Mexico's three female mezcal makers. She shares her mantra:

\* **Go Bold** Mezcal was illegal until 1980. Before that, "it was the women who had to put their lives on the line to get the product to vendors."

\* **Be Original** Graciela blends more than nine agave types for her product, which is brought to the US through the Mezcal from Oaxaca project. [www.mezcalfromoaxaca.com](http://www.mezcalfromoaxaca.com)
